The Beatles : The Complete Beatles Gift Pack before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Complete Beatles Gift Pack:

Not for guitarists-riddled with errors By WormboyWhile, it's fun to see ALL of the Beatles tunes in one book, this book was clearly not compiled by a guitarist. In many places the guitar voicing is spectacularly wrong, and is recorded in ways in which a guitarist would never play something. The author clearly had no concept of walkups and walkdowns around chords, a technique used by many composing guitarists. For example, "Dear Prudence," "While my guitar gently weeps," "Blackbird" and even easy ones like "Mother Nature's Child" are butchered in terms of tabbing. "Dear Prudence" and "Blackbird" are particularly offensive--the chord voicings in the book only bear a passing resemblance to those actually played by the Beatles. How can one mess up

"Dear Prudence?" The verse bass walkdown over D is classic, and is the same as Neil Young's "Needle and the Damage Done." D-C-B-Bb, 2 beats each. The chorus and bridge are botched as well. Same thing with the "Weeps" verse over Am: A-G-F#-F. This is straightforward stuff if the author knew anything about guitar playing, but is completely botched in this book. So in summary this book may work as a "family singalong around the piano" book, but it's going to fail a guitarist who wants to explore how the greatest rock songwriters in history practiced their craft. If you're looking at this for the guitar tab, look elsewhere! I did much better messing around myself or looking for tabs on the internet. 0 of 0 people found the following review helpful. didn't care for it By Anika Tyler I didn't care for the arrangements or the size of the books. There were two books, the songs were alphabetical. I only liked the Lady Madonna arrangement out of all of them, they just seemed... simplified and off I guess. The quality was fine so I gave it three stars, it was just a personal feeling and I hardly use them, having been so excited to play the Beatles songs for my family. 0 of 0 people found the following review helpful. Now THIS is music for USE. By H. Hutcherson This set will be an excellent addition to my sheet music toolbox, with well-printed scores on high-quality paper. These books obviously are meant to be used by musicians, without having to copy or enlarge the pages, as in a related book. The paperback volumes fit well in their surrounding box, making it the best case for both forms of binding. I look forward to using these volumes for decades and passing them down as heirlooms.

(Piano/Vocal/Guitar Artist Songbook). This set features both Volumes 1 and 2 of Beatles Complete in an attractive hard case with deluxe foil lettering. Includes over 200 classic songs, including: All My Loving * And I Love Her * Baby You're a Rich Man * Back in the U.S.S.R. * Birthday * Blackbird * Can't Buy Me Love * Come Together * The Continuing Story of Bungalow Bill * A Day in the Life * Day Tripper * Do You Want to Know a Secret? * Drive My Car * Eleanor Rigby * The End * The Fool on the Hill * Get Back * A Hard Day's Night * Help! * Helter Skelter * Here Comes the Sun * I Saw Her Standing There * I Wanna Be Your Man * I Want to Hold Your Hand * Lady Madonna * Let It Be * Magical Mystery Tour * Nowhere Man * Penny Lane * Revolution * Something * Strawberry Fields Forever * Twist and Shout * and more. A perfect gift for any Beatles fan or collector!
