**T. J. Reynolds : The Complete Book Of Blackjack: A Comprehensive Guide to Winning Strategies** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Complete Book Of Blackjack: A Comprehensive Guide to Winning Strategies:

0 of 0 people found the following review helpful. Very Educational By anniesue I like blackjack and always play at a

casino when I go on vacation. I decided once and for all to try and educate myself about the game. I found this book to be outstanding in teaching me the fundamentals of blackjack. Everyone who enjoys the game should purchase this book. Once I read the book, and continued to study it, and then began to play the game on the internet. I immediately saw improvement in how I made my decisions.0 of 0 people found the following review helpful. Four StarsBy CustomerI wish I just had more time to implement some of the strategies learned from this book.0 of 0 people found the following review helpful. Good purchase!By ShirleyGWe gave to our daughter and she loved it. Arrived timely. No problems. Couldn't have asked for more than we got.

A blackjack player for more than a quarter century, T.J. Reynolds admits that he has never been a good loser. As he says, "Show me a good loser and I'll show you a loser!" Through years of study on strategy and untold hours at the tables in casinos around the world, he developed exceptional skills - becoming a proficient "21" player and a consistent winner. Reynolds does not try to entertain his readers in this book but instructs them in the intricacies of blackjack and gives them an advantage over the dealer. This book can be used by novices and sophisticated players alike because it carries them from beginner status to tournament-level skill.

About the AuthorReynolds has spent the last 30 years perfecting his skills at blackjack
