Charles Worthington : The Complete Book of Hairstyling before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Complete Book of Hairstyling:

1 of 1 people found the following review helpful. Save Your Money By Stardust At the turn of the century, this may have been a great buy for general hair maintenance--especially since the book pre-dates YouTube and other guidance websites--but I would not recommend for anything other than just that. I got the book super cheap so, I'm not completely let down. It does give general information on shampooing and conditioning techniques/recommendations based upon hair type. It also briefly reviews color scheme. What was a huge disappointment was that there was literally no comprehensive section on cutting techniques as advertised. To be honest, this book should be categorized more as an extended edition of Vogue that focuses on hairstyles/trends circa 2002 instead of a hairstyling textbook.

Most of the information in this book can now be found online. You may want to pass on this one if you're looking for an actual text/teaching/book. 0 of 0 people found the following review helpful. Beautiful finished hair dos By Peaches Beautiful finished hair dos. You have to guess how Mr. Worthington did it. He definitely does not show you how to achieve it. Poor teaching skills 47 of 47 people found the following review helpful. A few good styles buried under pages of useless information By Betsy Mae Learning how to care for and style your hair seems to take a back seat to a distracting, absurd, and irrelevant storyline of four fictional girlfriends. I did manage to find a few hairstyles that I liked, making it more or less worth the \$13.57. I'm all for trying a new look, but this book is inundated with downright ridiculous hairstyles. The photos are not labeled with what style it is, so it is frustrating to try and match styling instructions with the look you would like to achieve. The layout is visually overstimulating and chaotic, making it difficult to find simple answers to styling questions.

The Complete Book of Hairstyling makes fabulous hair accessible to every woman every day of the year. Filled with creative styles, easy-to-follow instructions, valuable tips and salon secrets, the book is an indispensable guide to beautiful, healthy hair in the latest styles. Dozens of useful tips and style variations are complemented by the fun and fictional stories of four young women as they pursue their careers, manage their love lives and solve their own "bad hair day" crises. Hundreds of specially commissioned photographs and how-to illustrations show more than 100 fabulous and easily achievable hairstyles to suit every occasion, from work and vacation to a big date or wedding. The book also features: Color and cut advice for all face shapes, hair types and skin tones Styling basics Tips on the right kinds of hair products How to keep hair in peak condition The dos and don'ts of up-dos Easy ways to jazz up and personalize hairstyles Tips on maintaining hair while on vacation Everyday hair problems and their solutions Emergency quick fixes.

Entertaining for beginner and expert alike ... Worthington's 304 page book is both a primer and advanced course in hair care and styling ... But, beyond the basic 411, Worthington's book is entertaining ... full of beautiful pictures. (Karen Martin Baton Rouge Advocate 2002-04-12) There are easy-to-follow instructions for more than 100 hairstyles in this glossy and very user-friendly book. (Ronald A. Wood Cosmetics 2002-05-01) The thing that struck me on receiving this book to review was the quality of the photography. Of course I'm not in any way qualified to say whether or not it's a good book on hairdressing, but I do know quality printing when I see it, and this book is a marvel. It's also very entertaining, too, as we follow a group of young girls on various outings, job interviews, parties, holidays, preparing for weddings etc., and have to get their hair styles to suit their face shapes. A mix of cartoony-type characters and stunning photography make this a must-have for anyone with the slightest interest in hairstyling. Sumptuous. (www.booksmoonthly.co.uk 2011-01-01) Entertaining ... both a primer and advanced course in hair care and styling ... full of beautiful pictures. (Karen Martin Baton Rouge Advocate 2002-04-12) There are easy-to-follow instructions for more than 100 hairstyles in this glossy and very user-friendly book. (Ronald A. Wood Cosmetics 2002-05-01) About the Author Charles Worthington owns one of the UK's most respected hair and beauty companies with five world-class salons, a portfolio of award-winning products and many celebrity clients. Twice he has been awarded British Hairdresser of the Year, and in 2006 he was listed in the Queen's Birthday Honours List and awarded an MBE for Services to Hairdressing. His work is widely featured in leading fashion and beauty magazines and on television shows. During the movie award season each year he tends his clients at Cannes, the Golden Globes and the Oscars.
