**Mike Lawrence : The Complete Book on Balancing in Contract Bridge** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Complete Book on Balancing in Contract Bridge:

0 of 0 people found the following review helpful. This is a great book to refer to oftenBy faylumpkinsThis is a great book to refer to often. I had misplaced my originally purchased copy so had to reorder.0 of 0 people found the following review helpful. Must Read for Serious Bridge PlayersBy DarrylWhen it comes to bidding theory, Mike

Lawrence is the best. This book covers just about every balancing situation you will encounter at the bridge table. The only minus I found in this book is that it has not been updated to cover some of the newer conventions (this book was originally published in 1983) available or used by the opponents, however this minus is so small that it does not even merit a half-star demotion.0 of 0 people found the following review helpful. Three StarsBy Gary R. DelestineI just received it and it looks very good

The definitive book on balancing with hundreds of examples.
