Johnny Rogan : The Complete Guide to the Music of John Lennon before purchasing it in order to gage whether or not it would be worth my time, and all praised The Complete Guide to the Music of John Lennon:

These definitive guides to the music of history's hottest bands examine every recorded song in each artist's catalog from the start to the end of their careers. All books have 8-page color photo sections and are shaped like a CD box, designed to fit alongside your CD collection.
