Fred L. Karpin : The Drawing of Trumps and Its Postponement (B-3) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Drawing of Trumps and Its Postponement (B-3):

0 of 0 people found the following review helpful. This is a wonderful book. Unfortunately By Peter Flom This is a wonderful book. Unfortunately, I bought it used and it had a tremendous amount of highlighting and notes that made it hard to read. I wish I could get a new copy. 0 of 0 people found the following review helpful. Recommended by a real expert By Jack J. Moye Recommended by a real expert, this is without a doubt, one of the best books on bridge play. Second only to Watson's "Play of the Hand"

This book has been described by many experts as one of the finest books ever written concerning declarer's play. The problem of trump management, when and when not to draw trumps, is a key element in declarer's play and this important book provides the answer to that problem.
