Must read for Elder Scrolls fansBy Darien HardinIf you like Elder Scrolls lore then this is a MUST read! It contains all the stories from the game and I have read most of them so far. Very handy for

reading that last book in a series from the game that you just can't find anywhere.

For the first time in print, step into the fantasy world of The Elder Scrolls Online. Tales of Tamriel - Vol. I: The Land takes readers on adventure throughout the war-torn landscapes and battlefields of Tamriel, featuring a horde of in-game texts and exclusive artwork. Lavishly bound and produced, this series of books is the definitive guide to lore from the Elder Scrolls Online.

"Tales of Tamriel is a wonderful companion book to The Elder Scrolls universe, rich with intriguing historical back story and gorgeous, immersive artwork. Its a must-have collectible reference for dedicated Elder Scrolls Online players, and for general series enthusiasts who prefer their Elder Scrolls games single player la Morrowind, Oblivion, and Skyrim, this is the best possible way to catch up on the lore missed by not sinking fully into the MMORPG-ized game." - VG Blogger
"A fine introduction for players (sic) looking to get a crash course on the rich tapestry of Tamriels history." - Hey Poor Player
