Jake Olefsky : The Everything Brain Strain Book: Over 400 Puzzles, Riddles, And Mind-Benders To Flex Your Mental Muscles before purchasing it in order to gage whether or not it would be worth my time, and all praised The Everything Brain Strain Book: Over 400 Puzzles, Riddles, And Mind-Benders To Flex Your Mental Muscles:

0 of 0 people found the following review helpful. Five StarsBy **CHERIE A STEINBERG**Perfect!0 of 0 people found the following review helpful. I recommend this book sellerBy **Kathy Carlson**Got this for my son, he went right into it, he loves brain teasers and he's been really enjoying this book. Arrived in plenty of time before Christmas.0 of 0 people found the following review helpful. Good collection of original riddlesBy **Offsky**I enjoy riddles and I have read a lot of riddle books. My general impression of riddle books is that they contain very few unique ideas. They usually just reword the same set of famous riddles that we are already familiar with.To my delight, this book was quite different! There was not a single riddle in this book that I had previously heard. I particularly enjoyed the fact that the riddles were broken up into different categories (Math, Logic, Trivia, etc), which allowed me to jump straight to my favorites. I was also pleased with the quantity of puzzles, since you rarely find a riddle book with even a hundred puzzles. This book has over 400!The riddles in this book are apparently collected from the authors website, which I have visited and have enjoyed. I recommend this book.

If you're looking for fun ways to challenge yourself for hours, **The Everything Brain Strain Book** is for you! Over 400 puzzles, riddles, brain teasers, and more will test your IQ and improve your thinking and problem-solving skills. Organized by difficulty and type, this all-inclusive game book will keep you guessing. Including: Language puzzles Letter equations Logic puzzles Math and science teasers Probability puzzles Rebuses Riddles Trivia Give up? A Solution Guide in the back of the book is there for you when you've encountered the toughest puzzles of all. Indulge your penchant for puzzles as you face challenge after challenge in **The Everything Brain Strain Book**.

About the AuthorAt the age of fourteen, Jake solved the Rubik's Cube and went on to write one of the Internet's first step-by-step solution guides. As the curator of thousands of brain teasers, Olefsky has become an expert in this intellectual pastime.
