6 of 6 people found the following review helpful. Disappointing bookBy Bird BrainLet me count the disappointments:1. Awful paper quality.2. Will not lay flat, so it needs to have a spiral spine added by Kinko's.3. It doesn't leave room for the solution letters in the quote area; give too much space to printed lines below the quote like one may be doing it in crayon or something. Meager number of quotes for size of the book.It's an inferior product, although I realize few cryptogram books use quality paper, print large enough and provide enough space between lines and letters.Better to get one already spiral bound.0 of 0 people found the following review helpful. Bought as a giftBy J from FloridaIt was received and was very much appreciated - especially the large printWould be nice to have more books on Cryptograms in large print to send thank you0 of 0 people found the following review helpful. I never would have bought this if I'd read the ...By Carol B. OlsonI never would have bought this if I'd read the reviews. Never should the letter used be the same! I couldn't believe it until I cheated and looked at the answer. I did one puzzle and if

I knew how to return it, I would. I guess it's just trash
