I have a doctorate in literature, so others may enjoy this more than I did.4 of 5 people found the following review helpful. crosswords for bookloversBy JoyceYes, this is a Literary Crossword; however, I was disappointed that the sections (by theme) and the sub-sections (by type of book) have very few clues per puzzle that actually fit into the categories the puzzles are in. These are not difficult puzzles, but if you are counting on 90% of the clues being literary you will be disappointed. I have seen people at coffee shops and at Shakespeare festivals carrying these books, so maybe I am being too critical! (I have not, however, seen them working every clue!)Everything Literary Crosswords Book: 150 novel puzzles for book lovers (Everything: Sports and Hobbies)6 of 6 people found the following review helpful. disappointment. I went across town to get this book, feeling very excited. I was expecting a truly "literary" crossword book, which its blurbs appeared to promote. Its clues and answers, however, have very little to do with literature. For instance, the first crossword is entitled "Jane Austen." Guess how many of the clues have to do with this subject in literature? Four...out of eighty. So tell me, what has a clue like "Pressure unit equivalent to 760 torr: Abbr." got to do with Jane Austen???? I am thoroughly vexed and am sure I can find a literary crossword book that actually deals with literature.
