Disappointed-Too Hard for Average PersonBy BashebaI've been doing crosswords for many years and consider myself a pretty good 'average' puzzle solver. I was very disappointed when this book arrived because the puzzles are so hard I've never been able to solve one. If I can get it half-way done I consider it a success! And I thought that some of the harder New York Times puzzles were stupid! There are words in these puzzles that I don't think are even words; they are abbreviations of words the average person has never heard of in their life. As with the NY Times puzzles, you should have a working knowledge of foreign languages, know obscure international towns, and maybe be a little psychic to figure these puzzles out! If you are an average person and do puzzles for fun, skip this one-you will be frustrated!0 of 0 people found the following review helpful. Five StarsBy
