His Faberge collection of cigarette cases is so impressive! It is a large collection that was photographed beautifully. And not only is the book a lovely 'coffee table book', it is quite informative about the rich history of the Faberge cases as to who, why and how these fit into the Russian heritage of the late 20th century. Mr. Traina has enlightened us thru his large collection of these beauties. I only wish I could tour the original Faberge workrooms. He made them come alive!0 of 1 people found the following review helpful. The Faberge Case: From the Private Collection of John TrainaBy Michle GregoriExcellent book met my expectations and
