A great autobiography by the greatest ballerina. The edition I got, at least, has many photos of this beautiful woman throughout. If anyone gets the same edition that I have in the future [Publisher: E.P. Dutton Co., Copyright: 1931], could you please tell me what I'm missing: my copy has two lines that have been damaged. On page 179 of my edition (listed above), or, if someone bothers to find the passage, at the beginning of a new paragraph, about halfway through Chapter XIV, I have this: "Not for two years [...] a dancer's ambition [...] Looked at broadly..." I'm missing the few words in brackets. 0 of 0 people found the following review helpful. It is refreshing to read about the events of this great ballerina, much preferred than the sometimes overly pompous ... By Elden
An insight into the world of the Russian Ballerina written by herself. It is refreshing to read about the events of this great ballerina, much preferred than the sometimes overly pompous writing about someone such as Tamara Karsavina. Woven into the story of her life, as she tells it, is additional information that gives a clear picture of life as a dancer in the time of Anna Pavlova and Vaslav Nijinsky and others. The emergence of these artists gave rise to the high standard of classical ballet we appreciate today. Karsavina, Pavlova, Nijinsky, laid the groundwork for the great classical tradition to be passed on to the willing young aspiring ballerina. To all those who aspire to dance, read of the great ones gone before you, their

experiences will often mimic yours.0 of 0 people found the following review helpful. ... read that the author thought that this is the best book about ballet ever writtenBy William C. MillerWhile reading another book about ballet I read that the author thought that this is the best book about ballet ever written. I don't know about that but it is very interesting. Ms Karsavina was a very talented ballerina and she lived through some very interesting times. If you can find it at a reasonable price it is well worth the read. Unfortunately, the last time I looked for it to buy as a gift, the hard cover with photos had gone up a lot in price.

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work.As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.
